Middle School Reports

RRMS Wrestling

We are bringing wrestling back to Rapid Run this year. So far so good. We have 15 student athletes who are working hard every day. The team has a very competitive schedule lined up thanks to Coach Campolongo. Coach Maffey and the RR student athletes are hoping for a successful year and are working towards those goals every day at Rapid Run after school.

OHMS Football

The 7th grade football team ended the season with an impressive 30-0 win over Hopewell. The team finished with a 3 and 5 record, but definitely goes into next season encouraged. It took a while for the team to learn the new philosophy of the football program. Hopefully this puts the group ahead of the game for summer workouts and the start of next season. The team had 35 student athletes who finished the season and worked very hard to get better every day.

The 8th grade football team ended the season with a great game against Hopewell. The team ended the season 2 and 6, but showed a ton of heart by competing the entire season despite a few huge injuries early in the year. This group has high expectations next year and will be a good group following the current freshman class that is having success.

The season officially ended on Tuesday, 10/20 with equipment collection, pizza party, and a presentation by Coach Dreyer and the high school football staff.

RRMS Boys Golf

Another golf season is over and what a successful one it's been! When I look back to the start of the golf season, I didn't know how successful our team was going to be. I knew I had 7 of the 9 golfers returning from last year's team but the first 3 weeks of practice went pretty rough we were shooting higher scores than I was expecting. We started out the season losing our first match to defending GMC champs Liberty by 5 strokes I asked the boys after that match what they wanted out of the season, the answer from almost all of them was to win GMC so I told them to go home and really think about what they wanted for the teams and themselves and I would talk to them at practice the next day. Their answer for team was win GMC and for most of them individually they wanted to be better individually with their golf game. I told them if they wanted to win the GMC they had to beat teams like Liberty long story short we reeled off 12 straight wins to finish season 12-1 the team worked on their games especially short game including putting and 150 yards in. Onto GMC tournament the boys were excited at the opportunity to show all the other schools in the tournament that we were for real we went in the tournament with a chip on our shoulder and finished the year very STRONG and finished RUNNER UP to Liberty. Led by Zac Soult and Rees Hayes along with Tobin Gold, Jacob Witteride, Ethan Supe Overall it's one of the most successful seasons at Rapid Run in a while Very proud of these young men along with the 5 that played in GMC also very proud of the other team members Caleb Abel, Kameron Bassman, Ethan Mueller, Caleb Prost,

RRMS Volleyball

The 7th grade volleyball team ended the regular season with a record of 10 and 3. The team then advanced to the semi-finals and lost in an excellent 3 game match against Mason Green. Congratulations on a great season.

The 8th grade volleyball team ended the regular season with a record of 11 and 2. The 8th grade team was also defeated in the semi-finals in a very impressive 3 game match.

Bridgetown - Right now we are just beginning winter sports seasons. Basketball cuts have been made and teams are set - just getting down to daily practice with games starting after Thanksgiving break.

Wrestling and Swim/Dive teams are just beginning practice.

Dates to make on the calendar:
